

**The Long Beach Surfer's Association
and
The Long Beach High School Surf Team**

Invite you to a FREE Clinic on November 4th, 2013

“Surf Forecasting 101”

presented by

*“Professor” Will Hallett from NYNJSurf.com and the LBSA
and Assisted by an Audience of local experts!*

November 4th, 2013 - 6PM Sharp!

The Long Beach Hotel

405 E Broadway, Long Beach, NY 11561

Among the topics that will be discussed

What is Groundswell vs. Windswell? Why does Swell Angle matter? What can I learn from the buoy readings as far away as North Carolina? Why are they called “Nor’Easter’s”? What causes onshores and evening glass-offs? When and why is tide a factor? What’s the difference between winter forecasting and summer forecasting? When are Swellinfo, MagicSeaWeed, and Surfline right, and when are they wrong and why?

**All this and more in this 45 minute FREE clinic
designed for everyone!**

All knowledge levels are welcomed, but if you are an expert, please come, join us, and share your knowledge!
